

Dear participants,

In the United States there's enthusiasm about this month's commemoration of the 250th anniversary of the signing of the Declaration of Independence. It is an exciting benchmark to note and ponder.

It also caused me to notice all the interesting citations related to aspects of time in our Bible Lessons. Whether it was acknowledging the immediacy of healing, as last week's Lesson repeatedly emphasized, or a specific statement such as "...there should be time no longer:" from Revelation 10:6, the passages affirmed that spiritual reality provides a freedom from defining our lives and experiences within the limits of time.

So, let's keep that in mind and celebrate living in the fresh moment of the eternal now forever independent of time!

With love & joy in Christ's freedom,
